“WONDERLAND” EP ARRIVES ON FRIDAY, MAY 19TH

Atlantic recording artist Jasmine Thompson has announced the release of her “WONDERLAND” EP arriving on Friday, May 19th. “WONDERLAND” is now available for pre-order, with all orders accompanied by an instant grat download of the EP’s title track. An official companion video is now live on the London-based artist’s massively successful [YouTube](#) channel, which has over 2.6 million subscribers. Additional EP tracks and videos will be unveiled in the following weeks, including the new single, “Old Friends,” and the exclusive “Old Friends (Jonas Blue Remix).”

The songs on the EP were recorded in Los Angeles, London and Stockholm. Jasmine partnered with a selection of songwriters and producers who helped her create a series of tracks that reflect the highs and lows of being a teenager. These co-writers include Meghan Trainor, Ross

Golan, Julia Michael and Justin Tranter, Max Martin's Wolf Cousins, Johan Carlsson and Mark Crew. Emotion is at the heart of Jasmine Thompson's music. Each song resonates with feeling and Jasmine was focused on ensuring that her music has meaning for all who hear it. Her soaring, impassioned voice is always filled with feeling whether she's singing her own music or being featured on dance tracks for artists Robin Schultz, DJ Felix Jaehn and others. It's the sort of memorable voice that has garnered over 1 billion total streams worldwide and 1 billion views collectively on YouTube.

"WONDERLAND" follows Thompson's 2015 debut EP, "ADORE," highlighted by the single, "Adore." The track's companion video – directed by Young Astronauts (Ariana Grande Feat. Iggy Azalea, Janelle Monae) – has proven a true breakthrough for the gifted young artist, with total views fast approaching 30 million at [YouTube](#) alone.

"ADORE" followed Thompson's chart-topping appearances on a pair of global blockbuster hit singles. Her collaboration with German DJ/producer Robin Schulz on "Sun Goes Down (Feat. Jasmine Thompson)" received a slew of international gold and platinum certifications after Top 5 and Top 10 chart runs in Europe, Australia, and South America; the song's companion video has racked up a remarkable 256 million views at [YouTube](#).

German DJ Felix Jaehn's "Ain't Nobody (Loves Me Better)" remix was an even greater smash, ascending to the top 10 on the iTunes Store's "Top Dance Songs" chart while earned gold and platinum certifications in a range of countries. Inspired by Jasmine's 2013 take on Rufus and Chaka Khan's classic "Ain't Nobody," the remix drew over 358 million global streams via Spotify while also topping charts in Austria, Czech Republic, Germany, Hungary, the Netherlands, and Poland. As if that weren't enough, the "Ain't Nobody (Loves Me Better)" companion video has earned over 288 million individual views at [YouTube](#) alone.
